

## DESCRIPTION

Servostern NDH & Servomarine Stern 220 are high quality lubricating oils formulated specially for stern tubes where an emulsifying oil is recommended. These are having special properties to obtain an oil of exceptional lubricating properties with an effective emulsifier. Servostern oils mixes readily with sea water or fresh water to form an emulsion which helps to seal the stern tube against water and maintains a lubricating film within the bearings at all times.

## APPLICATION

Servostern NDH & Servomarine Stern 220 are special type of compounded oils recommended for lubrication of Stern tubes of Marine vessels. It is also recommended for lubricating bearings and slide ways of steam engines.

## PERFORMANCE BENEFITS

Servo Marine Stern oils

- Compounded to provide special properties for maintaining lubricating film on the stern tubes.
- Reduces friction.
- Protects from corrosion.
- Prevents high losses of the lubricants.

## MANUFACTURERS APPROVAL

Servostern NDH is approved by Indian Navy

## CHARACTERISTICS

GRADE	NDH	220
Colour	Greenish Brown	Greenish Brown
Kinematic Viscosity, cSt @ 40°C		210 - 230
Kinematic Viscosity, cSt @ 100°C	15 - 16	
Viscosity Index, Min	90	90
Flash Point (COC), °C Min.	220	220
Pour Point, °C Max.	(-) 6	(-) 12

## HEALTH & SAFETY

These oils are unlikely to present any significant health or safety hazard when properly used in the recommended application and good standards of industrial and personal hygiene are maintained.
